LOT 11 - Rick Beaver - Untitled Landscape

Artist Description Rick Beaver (1948 – Indigenous / CAD) Rick Beaver was born in 1948 on the Alderville Indian Reservation on the shores of Rice Lake in southern Ontario. His degree in wildlife biology greatly influenced his paintings, when he devoted himself to it full time in 1981. His art expresses an emotional response that dates back to the origin of man on earth. By combining art and nature, Rick's works show us contrasts of a well-determined structure. The backgrounds are slightly blurry and melodious compared to the graphic precision of the creature he has chosen to represent. This melting of forms, which remain faithful to biology, embellished with abstract backdrops, constitute the essence of Rick Beaver's paintings.
